By providing your e-mail address, you grant PRISM Business Exhibitions permission to contact you via e-mail regarding your registration as well as provide PowerSystems World updates and/or updates and promotional materials from exhibitors.

Registration Profile (Please complete the following):

1. Your organization's primary business classification (Check ONE Only):

- A. Energy Producer (utility, IPP Cogen, alternate energy, municipal, ESCO)
- B. Industrial (manufacturing or production)
- C. Commercial (office buildings, data centers, communications and telecommunications facilities, financial institutions, retail chains/stores)
- D. Institutional (hospitals, schools, universities)
- E. Governmental (military, federal, state, local)
- F. Consulting, Engineering and Contracting
- G. Other (please specify):

2. Your primary job title (Check ONE Only):

- A. Executive/General Management (Chairman, Owner, Partner, CEO, COO, CFO, President, VP)
- B. Building/Operations Management (Energy Manager, Building/Property/Facility Manager, Plant Engineering, Property Management, Electrical Maintenance, Operations Manager, Maintenance Manager, Marketing/Sales, Purchasing)
- C. Engineering (Design Engineer, Application/Project Engineer, Energy Engineer, Architectural Engineer, Systems Integration, Utility Engineer, T&D Engineer)
- D. Consulting & Contracting
- E. Service (field, customer)
- F. Other (please specify):

3. Your company's approximate annual expenditures on power quality equipment and services:

- A. Over \$10,000,000
- B. \$1,000,000 - \$9,999,999
- C. \$500,000 - \$999,999
- D. \$100,000 - \$499,999
- E. \$50,000 - \$99,999
- F. \$25,000 - \$49,999

4. Please list the major categories of products/services you buy, use or specify

Take Advantage of Informative FREE Special Events & Networking Opportunities

Welcome Reception Tuesday, October 24, 3:30-5:00pm

Enjoy complimentary refreshments and beverages in the exhibit hall as you discuss your needs with knowledgeable vendors.

Discover New Directions in the Industry

Keynote Address – FREE TO ALL ATTENDEES

Tuesday, October 24, 9:45-10:45am

The Future of Power Quality

Bradford Roberts

Power Quality Systems Director, S&C Electric Company

The issue of quality of electrical power was focused on the data processing industry for 20+ years. The power quality industry grew rapidly, then collapsed with the dot com bust in 2000. Today, it has emerged as a much healthier business, poised for greater success and broader applications. Get a glimpse of the major activities focused on improving power quality and reliability at both the utility and power use levels including examples of large-scale solutions by major industrial users.

Visit S&C Electric for Details on Their PQPD Expo

S&C's Power Quality Products Division (PQPD) presents a show-within-a-show and reception, displaying:

S&C Purewave UPS • S&C Purewave AVC (Adaptive VAR Compensator) • S&C Vista Switchgear

Plus presentations on

- Reliable, economical back-up power for critical loads
- Large/medium voltage UPS solutions for entire facilities
- Real-time reactive current compensation and power factor correction

Visit sandc.com for more information, and/or stop by Booth 418 for an invitation

General Session – FREE TO ALL ATTENDEES

Wednesday, October 25, 9:45-10:45am

Panel Discussion – “Ask the Experts”

Moderator: Sam Wheeler, Industry Consultant

Mark McGranaghan, EPRI PEAC, Brad Roberts, S&C Electric Company,

Robert Moore, Z Meters Incorporated, Alec McEachern, Power Standards Labs,

Marek Samoty, EPRI, David Kreiss, Kreiss Johnston, Thomas Key, EPRI PEAC

Go one-on-one with notable industry leaders working in the instrumentation, energy, monitoring, UPS, backup power, harmonics, renewables, industrial, utility power, and many other topical areas.

Don't Miss FREE Educational Features in the Exhibit Hall:

Additional “Ask the Experts” sessions in the exhibit hall and **Product Solutions Theater** presentations by suppliers where you can learn more about practical applications of products and services being displayed.

For a complete update, visit the website www.powersystems.com

The Power Quality & Reliability Conference

- 10 professional advancement courses, several of which offer **CEU credits**
- 8 special interest seminars, covering Sags, Harmonics, Energy Efficiency and more
- 20 In-depth Technical Sessions focused on leading-edge applications

Conference requires separate registration: for full details go to

<http://home.powerquality.com/conference>

Get Information Direct from the Industry's Leading Suppliers (Exhibitors as of 7/24/06)

The leading firms listed include current exhibitors and participants in recent Power Quality shows

A&R Telecom, Inc.	EYP Mission Critical Facilities	Power Control Company
ABB, Advanced Power Electronics	Falcon Electric	Power Measurement
AC Data Systems, Inc.	Fluke Corporation	Power Monitors, Inc.
ACR Systems Inc.	GE Industrial Systems	Power Quality Inc.
Active Power	Generac Power Systems, Inc.	Power Standards Lab, Inc.
Adaptive Power Systems	General Electric	Powerware
Advanced Test Equipment Rentals	Global Power Supply	<i>PQ Newsbeat</i>
AEMC Instruments	Hart Scientific	Precise Power Corporation
AEROVIRONMENT Inc.	High Voltage Maintenance	Pulizzi Engineering, Inc.
Allied Industrial Marketing Inc.	Hioki USA	Quality Power Co.
Alstom T&D	Iconpower Limited	NV Enterprises, Inc.
AMETEK Power Instruments	Ideal Industries	Raycap Corp.
APC-American Power Conversion	Imalog Inc.	Rong Xin Power Electronic Co., Ltd.
Arbiter Systems	Inelap Power Quality Solutions	Russelectric Inc
Avtron Manufacturing, Inc	Kestarc Electronic Co., LTD	S&C Electric Company
Beckwith Electric	L-3 Communications/SPD	SAFT Power Systems
Best Quality Power, Inc.	Technologies Inc.	SatCon Power Systems
BTECH	Manitoba HVDC Research Centre	SATEC, Inc.
Cannon Technologies, Inc	Measurlogic Inc.	SEPS, Inc.
Caterpillar Inc.	Megger	SIBA Fuses
Citel, Inc.	Metapo Inc.	SONEL S.A.
Cobasys	MGE UPS SYSTEMS	Square D / Schneider Electric
Composite Technology Corp.	Midtronics, Inc.	Summit Technology, Inc.
ComRent International	Mirus International Inc.	Teamwise USA
Copper Development Association	Mission Critical West Inc.	Toshiba International Corp.
DEHN Inc.	Mitsubishi Electric Automation,	Tri-Mag, Inc.
Dent Instruments	Inc.	Tripp Lite
Dranetz-BMI/Electrotek	MTE Corporation	UIS Abler Electronics LLC.
Electrical Contracting Products	MYRON ZUCKER, Inc.	Unisin Power Technology
ELSPECC North America	OPTI-UPS	Webcom Communications
Environmental Potentials	Pentadyne Power Corporation	Zhejiang Dong & Zhong
EQUI=Tech Corporation	Phoenix Contact	Electrical Co., Ltd.
EXPO Power Systems	Positron Industries, Inc.	Z Meters, Inc.
